Our Whistler Town Plaza Reviews:

"A very comfortable apartment in an excellent location"

The property is very well furnished and equipped, very comfortable and the location is good. It is a 5 minute walk to the main gondolas in trainers and a few minutes longer in ski boots. There is a large number of shops, restaurants and bars within the same 5 minute walking distance. The arrangements for picking up the key, on arrival are efficient and our lift passes were also waiting for us when we checked in. On the whole this was a totally positive experience with no obvious downsides and I would have no hesitation in booking this same apartment on my next visit to Whistler. I should add that there were only three in our party and it would have been equally good for four. Personally I do like people sleeping in the living room so I would not book it for six persons.

"Fabulous stay in the heart of the village!"

This was our second stay at Vivian's condo. The first was 3 years ago. The condo, located overlooking the gazebo, is the ideal location for enjoying village activities and shopping. An easy walk to all parts of the main village, and a nice walk to the upper village.

The condo is clean and well equipped for its visitors. The two bedrooms and baths make for a very comfortable stay for 4 or 6 people, and exceptionally roomy when there are only two!

I would recommend this condo to anyone wishing to enjoy Whistler at its best.

"Comforts of Home"

It was more than we expected. Had never been to Whistler before. The location was perfect, close to restaurants and shops, and the condo had everything we needed, and more. We were in Whistler for a wedding, and most of our time was scheduled, so unfortunately we didn't have time to do anything. Great excuse to return. Wouldn't hesitate to stay here again.

"Summer in Whistler!"

I can't recommend this home highly enough. It was spacious, bright, comfortable, and equipped with more than we could possibly need for our one month stay. The location was excellent-never before have I had the Vancouver Symphony playing below my balcony. We could walk everywhere and had Whistler/Blackcomb at our doorstep. The crowds were noisier on the weekends, but we closed the windows at night so it was never an issue. The only downside was the size of the bike storage room as it could get very full. If we are back in the Whistler area next summer I would love to rent this unit again.

"Great Place & Location"

Stayed in Whistler several times and this was my favourite place. Great location and views of the town. Short walk to the slopes. Had everything we needed with plenty of room. Would stay again!

"Fun, comfortable & easy."

Stayed here for the May Long weekend 2012. Was very surprised by not only the size and cleanliness, but everything that was included to make the stay as home like as possible. Location is perfect, 4 minutes from bike park/trails. Size is perfect and rates are reasonable. Only issue we had was the cleaner arrived earlier than expected so we had to rush out, but not a big deal. Also can be very loud at n
